Welcome message from the President of the Hellenic Society of
Intraocular Implant and Refractive Surgery

M. Balidis

Free Papers

E-Posters

Video Presentations

THURSDAY

25. 02. 2021

25-27
February 2021

10:30 - 12:30 ROUND TABLE

Anterior Segment Imaging 2020

Moderator: A. Maniateas

Corneal Topography: from Scheimpflug to OCT

A. Maniateas: New Technologies

V. Liarakos: The future of corneal imaging: a corneal surgeon perspective

D. Kyroudis: The future of corneal imaging: a refractive surgeon perspective

New Technologies for Dry Eye Management

E. Karmiris: Dry Eye Imaging and Diagnostics

G. Dalianis: New Technologies for Dry Eye Treatment

Biometry 2021

M. Arvanitis: New technologies

E. Patsoura: Measuring the right Ks

Combined Phaco and Glaucoma

S. Kandarakis: Angle Evaluation & MIGS

Ch. Terzidou: Kahook Dual Blade: Ab Interno Trabeculectomy and Goniotomy

12:30 - 13:30 LECTURES

Harminder Dua: Update on Pre-Descemet's layer - clinical and surgical applications

Rajesh Fogla: Optimizing outcomes in EK surgery

13:30 - 15:00 BREAK

15:00 - 17:00 ROUND TABLE

2020 new advances in the early diagnosis and treatment of keratoconus

Moderator: M. Balidis

M. Balidis: Keratoconus diagnostics. New kids on the block

Z. Gatziofias: Evolution in biomechanics. An essential diagnostic tool?

A. Charonis: Early keratoconus management with special contact lenses

F. Hafezi: 2020 advances in cross linking

R. Ambrosio: Tomography and biomechanics: combining the best of both worlds

17:00 - 19:00 ROUND TABLE

Modern IOL technology

Moderators: P. Papadopoulos, D. Mikropoulos

E. Patsoura: Newest technology in Preoperative Exam and IOL Calculation

A. Armia: What is the Future of Trifocal IOLs?

D. Siganos: Will Monovision still play a significant role tomorrow?

G. Auffarth: Newer EDOF IOLs

P. Papadopoulos: Perfection of surgical outcomes: Where are we now

FRIDAY

26.02.2021

11:00 - 13:00 Video based session

Challenging anterior segment surgery.....to the limits

Moderation/Comments: V. Karabatakis, K. Moschou, E. Patsoura

Surgeons:

A. Armia: Watch out!!! A Traumatic Cataract

N. Ziakas: TBC

P. Papadopoulos: Iris-claw – Posterior chamber IOL exchange

M. Balidis: Traumatic aphakia, iridodialysis and macular pucker

K. Moschou: Intumescent cataract – Spiral capsulorhexis technique,
Uveitic cataract – treatment, Morgagnian Cataract – treatment

13:00 - 13:30 Lecture

Zoltan Nagy: Femtosecond laser assisted cataract surgery complications

13:30 - 15:00 Break

15:00 - 15:30 Lecture

Ike Ahmed: Managing Premium IOLs when the Capsule Isn't All There

15:30 - 17:30 Round Table

The future of laser vision correction

Moderators: G. Roussopoulos, P. Smachliou

D. Kyroudis: Analyzing and customizing

K. Koufala: The evolution of superficial ablations

V. Katsanevaki: Tendencies in intrastromal treatments

A. Filip: Any good reasons to smile?
